Dynamic and results-driven professional with over 8 years of experience across consulting, data engineering, machine learning, and analytics. Expertise in leading customer engagement, media & telecom, healthcare, and retail projects. Proven track record in delivering scalable solutions using Google Cloud Platform (GCP), Kubernetes, Airflow, Vertex AI, PySpark and other Big Data frameworks. Adept at managing cross-functional teams, optimizing workflows, and driving business growth through data-driven insights. Recognized for spearheading innovations that resulted in improved client satisfaction, operational efficiency, and revenue

Operations

Management

packaging compliance by 20%

EXPERIENCE				
EXL	Engagement Manager, Consulting	Bangalore, Karnataka	February 2024 – Present	
Customer Retention S	'trategy - Built and maintained strong client relation	Delivery ownership, team manage onships by expanding engagement		
Client Relationship Management	 in project revenue within nine months Proactively addressed client concerns through regular updates and actionable insights, achieving a 95% client satisfaction score Authored and negotiated Statements of Work (SOW), Requests for Proposal (RFP), and Requests for Information (RFI), streamlining onboarding for new projects 			
Engagement Management and Collaboration	 Pitched to clients to expand workstreams, resulting in the addition of two new project verticals, contributing to an 20% increase in annual revenue Established clear communication channels between clients and internal teams, reducing project bottlenecks Spearheaded the deployment of scalable, open-source applications on GCP, optimizing system performance by 30% 			
Project and Delivery Oversight	 Secured funding of \$500,000 for an LLM-powered Data Quality Agent, delivering 50% faster ticket resolution and improving data quality assessments Spearheaded cross-functional delivery in Data Engineering, Data Quality, ML Engineering, ML-Ops and full-stack software products ensuring all projects met 100% on-time delivery milestones 			
EXL	Project Manager, Consulting	$Bangalore,\ Karnataka$	January 2022 – January 2024	
Business Development Team Management and Recruitment	 Led an 8-member team of ML and Data and streamlined workflows. Designed and tracked individual developmente Recruited and onboarded talent for ML team scalability 	ment plans, enhancing skillsets and	l achieving a 95% team retention	
Technical Contributions and Delivery	 Established Airflow multi-tenancy using manual operational hours by 30% Deployed customer engagement models to a 20% increase in engagement rates Integrated 1st and 3rd party data, enable 15% better ad targeting Developed a Retool-FastAPI platform for access issues by 40% 	(e.g., CLV, Downgrade and Reactivelling compliant and actionable insi	vation) using Vertex AI, leading ights for an OTT client, driving	
EXL US Media and Telecon Leadership and Strategy	Assistant Project Manager, Consulting of conglomerate OTT space Trained and supported senior leadership Partnered with functional heads to prove	o in strategy development, enabling ride actionable insights, optimizing	g B2C sales team performance	
Data Pipelines Management	 Directed the creation of a data pipeline using Airflow, Kubernetes, and GCP Developed Python automation framewo success rates Led migration of ETL and ML workflow 	orks to monitor, report, and restar	rt ETL jobs, achieving 95% job	
Amazon	zero downtime Program Manager	Hyderabad, Telangana	April 2019 – May 2019	
	 across India transportation network Analyzed 10+ billion package-level recording by 1,100 hours/week 	Reduced package unlo	pading time by 1100 hours/week	
Analytics Consulting	 Streamlined packaging processes across 18% Delivered weekly performance dashboar time deliveries 	-		

• Developed tools for operations teams to track packaging defects, enabling corrective actions that improved

• Reduced overall unloading time at sort centers by 950 hours/week and delivery stations by 170 hours/week

UnitedHealth Group Software Engineer

Bangalore, Karnataka

July 2015 - June 2018

SME for 2 critical projects with \$400000+ budget

Fast-track promotion in 8 months against firm avg. of 30

Process Improvement

• Built real-time reporting and monitoring applications, reducing manual effort by 60% and improving SLA compliance to 90%

- Presented actionable insights from 100GB of weekly healthcare data, driving 15% YOY improvements in SLA adherence.
- Migrated legacy systems to the latest Big Data stack, boosting application performance by 500%

 $\ensuremath{\mathcal{E}}$ Analytics

- Big Data Engineering Designed algorithms for converting unstructured data to structured formats using Spark and Scala, improving data usability by 35%
 - Developed compression solutions for big data storage, reducing costs by 20% and increasing query speeds

EDUCATION

Institute	Degree	Year
IIM Lucknow	MBA	2018 - 2020
IIT Kharagpur	B.Tech(Hons.) + M.Tech Dual Degree in Electronics and Electrical Communication Engineering	2010 - 2015

SKILLS

Languages Python, SQL, Bash, PySpark, JavaScript, Google Apps Script, Scala, Java, R Google Cloud Platform (GCP), Amazon Web Services (AWS), Microsoft Azure, Azure Databricks, Hadoop, TechnologiesHive, NoSQL, Docker, Kubernetes, Tableau, Plotly, MLflow, Kubeflow, Git, Confluence, Jenkins, Jira, Grafana, Prometheus, Tableau, Langchain, Haystack ETL (Extract, Transform, Load), Data Pipeline Orchestration, Data Modeling, Data Quality Management, Statistical Analysis, A/B Testing, Model Evaluation and Validation, Feature Engineering, Machine Learning, ConceptsAPI, Agile Methodology, Cloud Computing, Infrastructure as a Service (IaaS), Platform as a Service (PaaS), Software as a Service (SaaS)
